

This architectural elevation drawing shows a two-story house with a mix of materials and roof styles. The left portion of the house has a dark grey, vertically-slatted gabled roof. It features a small square window in the upper gable and a larger, multi-paned window below it. A dormer with three windows is integrated into the roofline. The right portion of the house is constructed of red brick with a traditional gabled roof, including a chimney on the right side. This section has three windows: one in the gable and two on the first floor. The ground floor of the entire house consists of two large doors with 'X' patterns and two windows, all set against a light-colored wall. The drawing uses clean lines and a limited color palette to represent the building's facade.

Architectural floor plan of the first floor of a building. The plan shows a central corridor (overloop) connecting various rooms. On the left side, there is a 'berging tech.' (technical storage) area, a 'berging' (storage) area, and a 'berging' (storage) area. On the right side, there are two 'onbenoemde ruimte' (unlabeled rooms) and a 'berging' (storage) area. The plan also shows a staircase and a 'berging' (storage) area. Dimensions and room numbers are provided for each area.

Rooms and areas shown:

- berging tech. 2,5 m²
- overloop 15,5 m²
- onbenoemde ruimte 2 14,7 m²
- berging 13,05
- overloop 7,5 m²
- onbenoemde ruimte 1 16,5 m²
- onbenoemde ruimte 12,6 m²
- berging 3570
- overloop 1600
- onbenoemde ruimte 3550
- berging 3580

Dimensions and room numbers are provided for each area.
